Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I urge you to rethink this proposal. We have two TRACFONES in this family of 6 and it used for "semi-emergency" purposes only. We do not own or use any other cell phones because we cannot justify the cost of a monthly cell phone bill. so if this proposal goe into affect we wil either have to do with out or take on the extra expense and hassle of another monthly bill. THIS IS MOST IMPRACTICAL!

Thank you for your attention
